What a terrific morning we had last Wednesday for our Olympic-a-thon. We were blessed with wonderfully sunny conditions which certainly made the morning more enjoyable. The opening ceremony was so much fun as each year paraded around the soccer field representing their chosen country. Some classes marched to National Anthems whilst others marched to selected songs both new and old. The Opening Ceremony was a fabulous way to start the Olympic-a-thon program for the day and it was great to see the enthusiasm continue as students completed their laps. There were many personal best efforts, but more importantly everyone was in there having a go for the school.

I would like to express my sincere thanks to all parents who assisted during the morning by either marking cards or providing support to our students around the track—we greatly appreciated your support. We are eager to finalise the outcome of the Olympic-a-thon and it would be really helpful if all money raised could be returned to school by the end of the week.

**SCHOOL CLOSURE NEXT MONDAY 13TH AUGUST**

Please note that there will be no school next Monday 13th August. Students are not to attend unless participating in the OSHClub program for the day.

All teachers will be working together as part of the whole School Review process to complete components of the School Self Evaluation. In addition to working on the review requirements, teachers will also begin working on the new school purpose and school Values as part of the Strategic Plan 2013 – 2016. It should be a very busy day for all teachers and I will provide an overview of the day in next week’s Newsletter.

**READING & WRITING TOGETHER IS MAGIC (RWTIM)**

RWTIM is an annual Literacy event that should not be missed on the WNPS calendar! This year, all students from Prep to Year 4 will have the chance to present a published piece of poetry to their family on Thursday 16th August from 6:30 – 7:30pm.

To assist with the organisation on the night, it is vital that all parents go online at [www.sivua.com](http://www.sivua.com) to confirm their attendance. The Online Booking System Event Code is (HSRQ7) and we request that this be completed before next Monday 13th August.
**PARENT MATHEMATICS FORUM WITH ROB VINGERHOETS**

I look forward to seeing lots of mums and dads at our Parent Mathematics Forum tomorrow, Thursday 9th August from 6:00pm – 8:00pm which will be facilitated by Rob Vingerhoets.

Rob is a highly respected and knowledgeable presenter in the field of Mathematics and I’m sure all parents will find the session helpful for understanding how our students learn their maths concepts and understanding how parents can assist this process at home.

**MESSAGES TO STUDENTS**

Please note that if an important message needs to be communicated to your child during the school day, we request that you call the office to ensure that this is passed on in a timely manner.

We have had some parents send through emails to the school account or to a teacher’s inbox and because most teachers don’t get a chance to read their emails through the school day, these messages do not always get through in time.

**ONGOING TEACHER/PARENT COMMUNICATION**

Our recent Parent/Teacher/Student Conferences provided a comprehensive opportunity for all parents and teachers to touch base and review student progress to date. Whilst we formally schedule these important meetings throughout the year, please be assured that we strongly encourage ongoing communication between the home and school and that a parent or teacher may at any stage request and organise a meeting.

If you ever have any concerns about your child or their progress at school please feel welcome to schedule a meeting with your child's teacher. We would also like to highlight that between 8:45am -9:00am is usually a very busy preparation time for teachers and not an appropriate time where issues or concerns can be canvassed with teachers. We really value the partnerships we form with our families to support all students and we thank you in anticipation of your support with these important practices.

Enjoy your week.

Principal

How much should parents push their kids?

We need to find a balance where we can inspire our children from the inside out.

Article contributed by Dr. Yvonne Sum

Parents today believe that their children need to stand out from the crowd in this highly competitive world. There is nothing wrong in wanting the best to unleash the highest potential in the next generation. If we are not careful, we can create excessive pressure as helicopter parents’ hovering over them in so many areas: academia, sports, performing arts ... and even imposing cultural traditions. Just like in Battle Hymn of the Tiger Mom by Amy Chua.

We can also go to the other extreme and become free-range parents with our offspring dictating the boundaries of their existence. That would not work, either.

How much should we push our kids?

We need to find a balance where we can inspire our children to be motivated from the inside out. Each child is different. Read your child. Observe them and you will understand what makes them tick. Some children are more likely to thrive when they are challenged - so you can ‘push’ them more. Others will need more sensitivity.

Do I follow my or their wishes?

It depends. The difficult part about parenting is that different circumstances warrant different handling. Read the context. If a situation involves the child making a few mistakes to learn a skill (as they did when they learnt to walk?) then perhaps we can let them approach it their way. A Japanese proverb tells us to, ‘Fall down seven get up eight’. On the other hand, a more complex decision will need more guidance and direction from the parents.

How much pressure is too much?

When it’s a constant battle. When it’s no longer fun. When no inner burning desire can be drawn from the child. Once more: read your child.

My daughter, Xian, had been dancing for six years. It was a shock when Xian told me she was quitting ballet. My natural instinct was to activate the ‘Because I said so’ reply - but I stopped myself in time to learn what had changed.

Xian confessed that she was exhausted. Besides ballet, Xian indulged in diverse extracurricular activities and was determined to continue her violin, piano, singing and gymnastics.

She assured me that she loved every minute of ballet and all the other opportunities she had been introduced to. However, she had recently found ballet classes had become a chore. She hadn’t had a break in lessons since she was three and felt leaving for a period would do her good. Her ballet teacher assured me that a couple of years’ break would not do Xian any harm. In fact, it may even help her motivation later.

When should we listen to our kids?

Always have an open mind. I am often surprised by the maturity in my children when I stop to listen. If they seem misdirected, by all means use respectful influencing skills to guide them. Always model collaborative engagement over a bulldozing approach.

What are the signs of pushing too much?

Simple, stressed-out children and/or stressed-out parents!

There are lots of questions to consider.

In summary, do...

1. Set clear intentions and boundaries.
2. Come from a willingness to help – support and challenge them to be outstanding in their own right.
3. Use sensory acuity – be observant and present. Read the child and the context.
4. Communicate with care – know when to ask questions or give suggestions.
5. Inspire an inner motivation – light the fire in your kids so they are committed to what they do from within.

We don’t have to continually push our kids. They will prod us lovingly to help us learn about their needs and desires. We just need to be willing to listen.

**Reminders…**

**School Banking**

School Banking day is Wednesday. Don’t forget to send in your child’s bank book.

**Student Safety**

Please take the time to regularly remind your child/ren about safety, especially when going to and from school. Here are the important points to mention:

- Do not to talk to strangers and never accept a ride from a stranger, or accept lollies or gifts from a stranger.
- Immediately report any issue or problem you may have when going to or from school, to your mum and dad, or to your teacher, the Principal, Assistant Principals or office staff.
- Always get permission from mum or dad before going to play with a friend after school and always let mum and dad know where you will be and what time you will be home.

We advise that, wherever possible, children should travel to or from school with an adult or with their friends, rather than travel alone.

---

**Early Release**

All child/ren collected from school before 3.30pm must be signed out at the Office. Parents will be handed an ‘Early Release Pass’ to hand to the supervising teacher. If a child is signed out at Recess or Lunch time, the Office staff will call the child to the Office and then ensure the Early Release Pass is given to the supervising teacher.

---

**Working With Children Card (WWCC)**

If you wish to assist in the Canteen, or with Fresh Fruit Friday, Sport, Swimming, Excursions, or on Camps you must have a Working With Children Card. WWCC application forms are available from our office. If you have a WWCC provide it to the office staff. It will be photocopied and a copy place on file. A WWCC remains valid for five years.

Please note, this year, the first group of our parents who received their WWCC in 2007, will need to renew their WWCC in 2012. If you are in this situation, you will receive a ‘Renewal Letter’ from the Department of Justice. As soon as you receive this letter, please complete the process to renew your WWCC. If you don’t, you may be ‘caught out’ when it comes to volunteering to assist with school activities. Please don’t put it aside, act upon it immediately.

---

**Bikes & Scooters**

Many children ride bikes and scooters to school each day. All bikes and scooters must be locked up in either the Bike or Scooter Enclosure to prevent theft. Please ensure your child has a chain and a lock. All children who ride a bike or scooter must wear a helmet which is a requirement by the Government. The school regularly reminds all children about wearing helmets for their safety. All bikes, scooters, skateboards, ribtics and helmets must be labelled, with your child’s name and class. Children are reminded they must walk their bike, scooter, skateboard or ribtic to and from the school gates. No bikes are to be brought through the school buildings and we request, where possible, that Scooters are also not walked through the building.
